see if the cost of the present estimate could not be met from those grants. The statements have been received and this work is also included in the list under the Gen Mus Instt grant. The work may be sanctd.

9. It may in this connection be noted that the grant from state funds has been largely given to a few mosques in rather large sums Rs 7620 have been used in all for institutions of the Mahomedan community. Grants were no doubt necessary in these cases but perhaps a smaller grant may be made from year to year rather than all at once. Some instructions in this respect seem to be called for

Sir,

I have the honor to state that the Dewan Sahib observed at Hassan during his tour in the Hassan District in March 1927 that the parapet wall of the Sri Keshavadevaru temple at the place must be repaired and white washed. The Deputy Commissioner Hassan --- District submits an estimate for Rs.225/- inclusive of Establishment tools and plant charges prepared by the Public Works Department an requests sanction to the estimate and proposes that the entire cost may be met from the General Muzrai Funds as the institution has -- not got sufficient funds at its credit. According to the accounts kept in this office the temple had only Rs.26-0-6 at its credit at the end of June 1927.

e report of the Executive Engineer accompanying the xxxxxxx estimate explains the necessity for the different items of work. The Deputy Commissioner also states that the work is necessary -- and urgent I request therefore that the estimate may be sanctioned for Rs.203/- only omitting the charges on account of establishment and tools and plant, the cost being met from the accumulated ---- interest earnings of the General Muzrai funds as the current ---- year's grant of Rs.10,000/- has been allotted to other institutions.

The file containing the estimate, plan and the Executive - Engineer's report together with a copy of the Deputy Commissioner.

I have the honor to be

Sir,

Your most obedient servant,

R. A. Whitehead.
